ADVERTISING CARDS for

TERLENKA

Terlenka also known as Texture of Burlington is a polyester fabric known for being used in the manufacture of trousers and made in the Netherlands.

It is a supple fabric that is comfortable to wear as trousers, jackets, suits, dresses or skirts.

In addition this fabric is extremely suitable for decorative articles such as tablecloths, curtains, theatre fabric, etc.

FROM THE COMMITTEE

It seems hard to believe that it is already Springtime.

A big thank you to those who have renewed their membership and a warm welcome to our new members.

Our financial balance is healthy at present but we need to be aware that the membership fees really only cover the cost of newsletters and postage. The club still needs to cover the costs for Alkira, insurance, auditor fees, web hosting, miscellaneous expenses and still be able to purchase cards for our members. We greatly appreciate the donation of goods for our raffles as this generates additional revenue.

Its been an exciting couple of months with the release of the Hudson and Valentine lists as well as the US Wide Named list. We congratulate the originators of the earlier lists; but with time, they have become outdated. As collectors need to be able to identify their cards easily, lists showing images in colour, as well as easy to read description, make life easier and more accurate.

The committee are ever mindful that we represent the membership and need to know if you have any issues or concerns.

We would really appreciate your input with suggestions, thoughts and ideas to assist in the management of your club.

It was a sad occasion when we heard that after many years (1951-2018) that the Chicago Playing Card Collectors ceased to operate and their membership was transferred to the 52 plus Joker club. This was due to the decline in membership and management support.

We certainly do not want to walk this path.

The MPCC Inc. is a club of which we can all be proud due to the support of our members.

Hilary (president), Anita, Hilda, Ray, Bev, Jeff, Lorraine and Pam.

Anne ORR—Embroidery

In WINTER 1983, the Chicago Playing Card Collectors Inc. (CPCC) published an information sheet as transcribed below:

ANNE ORR

Between the years 1910 and 1945, international authority, author, editor, designer, Mrs Anne Champe ORR created nearly 100 books for designs for needleworkers. These books combined artistic excellence and a thorough understanding of a needleworker's needs and goals. As needlework editor of "Good Housekeeping" magazine her designs became part of the décor of thousands of American homes. Even today [1983] many years after her death, the magazine still receives correspondence regarding her designs.

Several example of her artistic talent have been used as back designs for playing cards. Barbara Lunaburg has identified many of these cards and they will be incorporated in a future supplement to the Treasures list. [A 5 page Supplement issued September 1983].
